

Amendments to the Drawings:

“Replacement Sheets” for figures 1-42 have been included with this submission.

REMARKS

Paragraph 1 of the Action objects to the drawings under 37 C.F.R. § 1.83(a) indicating that the envelope detector and sign detector must be shown or the features cancelled from the claims. Applicant believes the features are shown in the figures. For example, envelope detector 4010 and sign detector 4020 in figure 40. Accordingly, Applicant respectfully requests withdrawal of the objection.

As discussed in the Amendments to the Drawings above, replacement sheets for figures 1-42 have been included with this submission. As suggested by the Action, Applicant is resubmitting the original drawings as newest replacement drawings replacing the “replacement drawings” filed on August 13, 2004. The new replacement drawings include the amendment to Fig. 41 filed on November 18, 2005. Applicant respectfully requests withdrawal of this objection.

The Applicant acknowledges that in the “Disposition of Claims” section of the Action the Examiner has indicated that claims 1-5, 8-12, 15-17, 25-28, 30-34, and 36 are allowable.

CONCLUSION

Applicant believes that given the above amendments and remarks, the claims are now in condition for allowance and such is respectfully requested. No new claim fees are believed to be necessitated by this response. The Examiner is requested to charge any additional fees that may be due with this response to deposit account 13-0480 referencing attorney docket no. 67174904.001209.

Respectfully submitted,
